To: Sandi Miftah Nur Arizal

This letter is issued to Sandi Miftah Nur Arizal. We have been recently hearing that you are making your students, our employees at Indonesia, our company suffer from boredom and money loss due to not allowing them to enter your room.

This has been a huge problem to us. We would do anything to stop you such as consequences.

If you do not comply to this cease and desist letter, you will get some consequences.

Please note that you are being warned because for not doing the above.
